The SHAMROCK BRAND represents the Choicest Grade article on which it appears. Thoroughly reliable, too, are the DOMINION BRANDS of Products, and WHITE CARNATION LARD COMPOUND. Obtainable at all Grocers, or any of our STORES IN THE WEST.

PACKERS OF THE FAMOUS

Shamrock Brand

"The Empire's Standard"

of Hams, Bacon, Sausage, Lard, Eggs and Poultry

Our Packing Houses are of the most modern type—nothing better on the American Continent. Each is under Government Inspection and the seal of "CANADA APPROVED" is placed on all meat products handled in them.

THE
Trusts and Guarantee
Company, Limited

(ESTABLISHED 1897)

Capital Paid Up and Surplus	-	-	\$1,596,333
Total Assets	-	-	\$30,181,430

(As at December 31st, 1924)

Acts as
Executor, Liquidator, Administrator
Agent, Guardian, Receiver
Authorized Trustee in Bankruptcy
And in every Trust Capacity

The Company is organized specially to perform these duties, its officers are trained by long experience, it is financially responsible, the charges for its services are moderate, and it is more efficient and economical than a private individual.

We invite enquiries about Wills or the disposition of the estates of deceased persons. It costs nothing to obtain this information.

WHAT A TRUST COMPANY CAN DO FOR YOU

Act as Executor, Administrator and Trustee under your Will.

Manage your estate under agreement to maintain your properties, collect your rents, pay taxes and keep your insurance in force, hold stocks and bonds for safe keeping, collecting and remitting or investing dividends, collect moneys under mortgages and agreements, and carry out all the many details that an individual so often has neither the time nor the inclination to perform.

Consult us freely and let us know if we can be of assistance to you by discussing any one of these duties at greater length.

Introductory

THIS TWENTIETH issue of the Greater Calgary City Directory comprising the City proper, and all suburbs is presented to the public with the belief that it will meet the demands of the most exacting and will fulfill the requirements of all its users.

The information in this book is gathered as far as possible by actual canvass, and is compiled in a way to ensure maximum accuracy. While the publishers will in no way be held responsible for any errors that may occur, they will be glad to have any inaccuracies brought to their attention, so that they may be corrected in succeeding editions.

Upon examination and use as a work of reference, the directory will be found to contain a thorough and complete store of information regarding all the interests of the city. It is devoted to the advancement of all the city's vital interests and has in each issue kept pace with its progress.

Through the exchange of directories with the various directory libraries throughout the United States and Canada and the sale of the Calgary Directory to many institutions, hotels and stores in large cities, the directory is circulated throughout the country and serves as a lasting advertisement for our city.

The canvass for the Calgary Directory includes the entire City, so that the name of each person employed should be taken twice; once at the dwelling and again at the place of business. After the canvass has been completed this information is compiled and it is necessary that there be two slips for each person employed. The information taken at the residence and place of business is compared before the duplicate is laid aside. When a discrepancy is found, a special messenger is dispatched to correct the conflicting information, or if the name has not been taken at both places, to retake it at the home or business place.

The directory estimate of population is based on the actual number of names contained in the book, which is multiplied by a common multiple to allow for the married women and small children whose names do not appear.

Based upon the names contained in the pages of this book, it is estimated that the population of Greater Calgary is 77,690. This includes considerable territory beyond the city limits, which is canvassed in order that the names of all people doing business in Calgary may be obtained for the directory.

The Publishers desire to thank their patrons and the general public for the courtesy extended at all times to their representatives, and to express their appreciation for the confidence which the business and professional men of Calgary have always shown in their publications.

Respectfully, The Publishers

HENDERSON DIRECTORIES, LIMITED.

July, 1925.

Calgary

Calgary is named after a small town in Scotland; the word "Calgary" is of a Gaelic origin and means clear water.

LOCALITY AND ADVANTAGES

The City of Calgary is the business centre of the Province of Alberta, and the largest and most important city between Winnipeg and Vancouver. Its location on the C. P. R. main line and C. N. R. line in the foothills of the Rocky Mountains, at the junction of the Bow and Elbow Rivers, is picturesque. By reason of its geographical situation, the abundant supply of pure water, the untold wealth of the surrounding country awaiting development, and above all, by reason of its cheap electric power, the City offers most desirable inducements for the establishment of manufacturing industries. An extract from "Townsites of the North West Territories" reads as follows:

"At the junction of the rivers (Bow and Elbow) on Section 14, is the town of Calgary, which will soon become one of the most important places in the Northwest. Its geographical position, picturesque site proximity to the Rocky Mountains, access to wood and timber by way of both rivers, and its ample supply of excellent water all contribute to this end. C. B. La Rue 1883."

At the time the above was written, Calgary had a population of less than 500. Present population 70,000.

The business section and part of the residential district has spread over the valley which was the original townsite, and has expanded over the surrounding heights, from which views of the Rocky Mountains are obtainable. Calgary is approximately 840 miles west of Winnipeg, 620 miles east of Vancouver, 138 miles north of the boundary line between Canada and the United States of America, and 80 miles from Banff, "The Playground of Canada".

TO TOURISTS AND VISITORS

Calgary offers much of interest to visitors. Perhaps no city of its size on this continent possesses such fine business buildings or a larger number of comfortable and beautiful homes. It offers every facility for business or amusement that can be found in much larger cities wherever they may be.

In addition to the Hotel Palliser, one of the finest hostels on the continent, there are many other first class hotels, with rates to suit all purses. Unusual shopping facilities exist and several beautiful modern theatres provide the best there is in drama, vaudeville and pictures.

A drive about the City will be found of interest, and the residential districts on both the north and south hills should be included, as from them a magnificent view on a clear day can be obtained of the Rockies. The Sarcee Indian Reservation adjoining the city on the southwest provides an interesting drive. St. George's Island and Bowness Parks are specially worthy of a visit.

For the sportsman there is, in season, shooting for duck, chicken and partridge, as well as mountain trout fishing, all within a few hours' drive from the city.

Calgary is at the gateway of the Canadian National Park and an extremely interesting and picturesque motor drive of about four hours will take one to Banff (85 miles distant). Lake Louise and the Rockies are also available by motor car. The Banff-Windermere Road is now completed, and links up with the Grand Circle Tour (Blue Trail), which connects all the scenic attractions in Western America; passing from Calgary south through Glacier Park (Montana), Yellowstone Park, Grand Canyon (Arizona), Los Angeles and then north through San Francisco, Crater Lake Park, Spokane, Columbia River Valley (Windermere), and Banff, east to Calgary.

The Calgary Automobile Camp Provides free camping facilities, such as water, light, fuel, lavatories and fireplaces. A caretaker, sworn also as a constable, is on duty at the camp entrance for the purpose of safeguarding tourists' property which they may temporarily leave at this camping place. It is located on St. Patrick's Island, access to which is via St. George's Island Park, near the centre of the City. To reach the camp, proceed on Ninth Avenue to Twelfth Street East, then north on this street and cross bridge to Park. Follow signs to camping ground. Caretaker constantly in charge. Visiting motorists are cordially invited to make use of this camp.

For touring information or other assistance, visiting motorists are requested to call at the Calgary Automobile Club headquarters, 125a Sixth Avenue West.

The Calgary Board of Trade maintains offices in the Loughheed Building, corner First Street West and Sixth Avenue, and the staff are always pleased to answer questions in regard to the City or Country, and its many opportunities. Club rooms are maintained by the Board in the same building, to which all visiting business men are cordially welcome.

Rotary, Kiwanis and Gyro Clubs welcome out of town members at the Palliser Hotel: Tuesday for the Rotarians, Thursday for the Kiwanians, and Thursday at Hudson's Bay for the Gyros. All prominent fraternal organizations are represented in Calgary.

Golf and Country Clubs offer special facilities to those interested in outdoor sport.

The Municipal Golf Club is located in Shaganappi Park, and can be reached by the Killarney Electric Car Line or by motoring along the South Banff road. It is about four miles from the centre of the city. Visitors are permitted use of the links by applying to the caretaker; fees, 35 cents per game. Regal Golf Club a 6,000-yard golf course, situated in the N.E. section of the city. A hilly course, rich in turf with a creek running through it, which adds to the "sportiness" of the

course. There is also a ladies' course (nine hole) under construction. Four street cars will take you within 3 minutes of the club house—two Crescent Heights, two Tuxedo Park. Membership fee: Gentlemen, \$15.00 per year; Ladies, \$10.00 per year.

The Turner Valley Gas and Oil Field, in process of development, contains several wells producing gas and oil. Gasoline is extracted from the wet gas, and some of the gas, after treatment, is piped to Calgary for domestic uses. This field is within easy reach of Calgary, and offers a fine auto trip.

The Imperial Oil Company has erected, at a cost of \$4,000,000.00, a very large modern oil refinery in Calgary, situated in the Ogden district. This plant is worthy of a visit.

SURROUNDING COUNTRY AND RESOURCES

Tributary to Calgary is a most prosperous agricultural, beef raising and ranching districts in area some thousands of square miles, and by virtue of the nutritious and abundant grasses growing throughout the surrounding territory, cattle raised in this locality are of the best; and by reason of its favorable climate and fertility of the soil, grain and vegetables produced in this district are excellent.

IRRIGATION AND FARMING

Calgary is the headquarters of one of the largest irrigation projects in the world. Water for irrigating the fertile belt stretching from Calgary, north, east and south, is obtained from the Bow River. The head-gates of the main canal are located inside the eastern city limits.

In the agricultural world Calgary, being the centre of thousands of acres of both irrigated and non-irrigated lands famous for spring, fall and winter grains of all kinds, vegetables and wild and cultivated grasses, is highly attractive to prospective settlers and investors. As a direct result of this location and the productivity of the surrounding areas, a "Grain" or "Stock" Exchange and a large stockyard and packing plant were established some years ago. Calgary's importance as a grain centre has been officially recognized by the Government of the Dominion of Canada and the said Government has built a terminal elevator in this city.

RAILWAYS AND MARKETS

With two transcontinental railways operating into the city, and other branch lines projected, Calgary offers the wholesaler and the retailer great facilities for trade throughout the whole of the Dominion. This, coupled to an ideal location in the heart of a rapidly and ever growing market, in the centre of tributary lands containing bountiful supplies of raw materials, places Calgary conspicuously before the prospective manufacturer.

MINERALS, ETC.

Untold mineral wealth underlays the soil, waiting for time and invested capital ere an idea can be conceived as to the intrinsic value and the benefits which accrue to Calgary, Canada, and the British Empire therefrom. Chief among the minerals and other products of the lower stratas of the earth, found in the Calgary district are iron, lead, coal (bituminous, lig-

nite, anthracite and coking), silicate sandstone, brick clay and shale, pottery clay, fire clay, etc. Oil of a high grade was, on October 7th 1913, struck at a depth of 1,562 feet in a well on Section 6, Township 20, Range 2, West of the 5th Meridian, and now known as "Discovery Well" and since, in fairly good quantities in several other wells. Natural gas is also obtained from these wells, and when treated yields gasoline in payable quantities. The gas (after the gasoline has been extracted) is now "piped" to Calgary gas consumers. Wells are still being sunk.

INDUSTRIES

The chief industries located in Calgary and district are: Ranching, farming, meat packing and meat products, oil refinery, manufacture of flour, biscuits, breakfast foods, breweries, temperance drinks, cement and cement blocks, rough and finished lumber, wood-working plants, sash and door mills, beds and mattresses, saddlery and leather goods, show cases, tents, confectionery, cigars, soap and similar commodities, ironworks, machine shops and welding, C.P.R. repair shops for western division, liquid air plant, brickyards, bakeries, dairies and butter, etc.; ice cream, stockyards, tannery, headquarters of coal companies, headquarters in province for insurance companies, horticultural, box factory, Ford assembly plant, automobile repair shops.

HOSPITALS

The General Hospital, instituted October, 1890, incorporated November, 1890; present hospital opened February 1st, 1910, with approximately 200 beds, present capacity. Prior to April, 1919, it was under the control of a private Board, but it is now administered by the City, together with hospitals for the following: Smallpox (6 beds), Isolation (75 beds).

There are in addition to those above mentioned a number of privately owned hospitals and nursing homes, the chief of which is the Holy Cross Hospital.

Mountview Hospital—Chronic tuberculosis, Sixteenth Avenue N. E.

Smallpox Hospital—Sixteenth Avenue N. E.

Isolation Hospital—Contagious disease, Twelfth Avenue and Sixth Street East.

Finances are obtained from city taxation, certain provincial government grants and patients fees.

The government grants for 1924 to municipal hospitals totalled \$32,267.50.

The Dominion government completed and opened in the year 1920 a large modern sanatorium for the treatment of incipient tuberculosis cases.

This institution is within a short distance of the Bowness line of the Municipal Street Railway at Keith, 7 miles west of the city, and was originally designed to care for returned soldiers, but has so developed that civilians are now also treated.

LIBRARY

Those of our Citizens possessing literary tastes may, on becoming members of the Calgary Public Library, have access to various works of literature by the World's best authors.

JUVENILE COURT

The "Children's Aid Dept.," hereto financed largely by the City and controlled by the Provincial Government, is now a department of the City, and as such is administered by the City Commissioners.

In its legal operations the Juvenile Court is under the Attorney-General's Department, all cases are first submitted to the Children's Aid Department and sittings of the court arranged by them. The Superintendent is clerk of the court.

MUNICIPAL OWNERSHIP

Calgary is essentially a city owned and operated for its citizens' benefit through their elected representatives, and owing to this fact its inhabitants enjoy an excellent service from the various municipal undertakings seldom equalled. Having decided in the year 1899 that municipally-owned utilities were for their best interests, as a first venture the then waterworks system was purchased from the private company operating it, and steps were instituted to remodel and modernize the system. Success attended this venture and demonstrated to all that municipal ownership could, when properly administered, be successful, and accordingly in due course electric light and power, street railway and asphalt paving plant system were established.

The Municipal Public Market furnishes an ideal medium of exchange as between the producer and the consumer. Write to the Market Superintendent for details.

Calgary has clean and well paved thoroughfares, beautiful residential districts, and business buildings, giving remarkable evidence of substantial growth. Municipally-owned utilities—particulars of which may be found in this publication—educational buildings, school system, and above all, its healthy climate.

BRIDGES

A large and modern reinforced concrete bridge spans the Bow River at Centre Street, Calgary; and bridges of similar construction links the northern and southern banks of the Elbow River at Fourth Street West, and the Bow River at Ninth Street West.

METHOD OF CIVIC GOVERNMENT

The "Initiative, Referendum and Recall" is in operation in Calgary. By this means legislation may be initiated by the ratepayers, a referendum demanded on any public question or policy and elected officials recalled. To invoke these powers it is necessary to obtain the signature of qualified voters, equal in number to those cast at the last election for mayor in the following percentages: For "Initiative" or "Referendum", 10 per cent; for "Recall", 25 per cent.

The government of the City is carried on under powers granted by the Legislative Assembly of the North West Territories, and amendments thereto from said body, and later from the Provincial Legislature of Alberta. The Council is composed of a mayor and 12 aldermen. Up to the end of the year 1923 the Mayor was elected annually. At the Civic Election held in December, 1923 the electors carried a plebiscite to provide for the election of Mayor for a term of two years, said provision to become effective January 1st, 1924.

CONTINUITY OF COUNCIL, ETC.

In order that some members of each year's council may be on intimate terms with the city's business, the aldermen are now elected from the city at large to a two-year term of office, six aldermen retiring, in the ordinary course of events, on December 31st of each year. The transition from one to a two-year term of office was accomplished in December, 1918.

A commissioner is elected on a vote of the electorate of the city to hold office for a term of two years. The public and separate school trustees are also elected annually from a vote of the entire city, the number of members to be elected each year being determined by vacancies on the respective boards. The number of members composing the Public School Board is 7 and the Separate School Board 5.

QUALIFICATIONS FOR MAYOR, ETC.

The mayor is the chief magistrate of the City. Persons eligible for election as Mayor, Commissioner, Aldermen, Public or Separate School Trustees must be British subjects, qualified electors of the City, male or female, of the full age of 21 years, and who are not disqualified under the ordinances incorporating the City of Calgary.

ELECTIONS, NOMINATIONS AND VOTING

All elections for officials are held under the "Proportional Representation System," which was finally adopted and put into operation by the City in the year 1917.

The nominations are held annually on the first Monday in December, and the election on the second Wednesday following. The hours of polling are from 9 a.m. to 8 p.m. and "the persons qualified to vote in the above connection are those persons, male or female, 21 years of age or over, whose names appear on last revised assessment role, or resident British subjects, or tenants male or female, 21 years of age or over, who have resided continuously in the City for at least six months prior to the 1st of June in the year the voters' list is being prepared, and who register during the month of June or July in each year their names at the City Clerk's office." The first two weeks in October are also set apart as a final period for Registration and Revision of the Voters' List. If registered British subjects or registered tenants vote at an election their names are added to the Voters' List for the year following such election. Qualifications for voting on bylaws, same as above but owners of real property only, whose names appear on the last Revised Assessment Roll assessed for real property to the value of \$100.00 or more.

COUNCIL'S DUTIES

The Council as a whole is the legislative body and carries on the legislative work through standing committees in the usual way.

COMMISSIONERS' DUTIES

The Board of Commissioners consisting of the Mayor and one other Commissioner, is the executive body and as such regulates and supervises expenditures, directs and controls departments, Comptroller excepted, prepares specifications and estimates, advertises for tenders for work, materials and supplies required, inspects

and reports to the Council on the municipal work being carried on or in progress within the City; administers the affairs of the City, except schools.

The Aldermen receive no remuneration for their services, the electorate refusing to authorize same, but the Mayor and Commissioner receive a salary of \$5,000, and \$4,000 per annum respectively for the year 1924.

Calgary's form of municipal government (Commission with Council) has proven in this City of large municipally-owned undertakings to be a safe and sane method of administering the community's affairs. The Commissioners cannot legally act on important questions, or incur expenditures over \$500.00 before submitting the facts, policies and recommendations to and receiving the Council's instructions.

The Commission form of Government has its inception, in so far as Calgary is concerned, in 1907 the Commission then consisting of the Mayor, City Clerk and City Engineer, said Board being appointed by the City Council. After a brief trial this Board was found to be unsatisfactory, as no matter what good policies the board might institute or desire to initiate, at least two of the members were not in a position to uphold their policies against possible opposition.

The afore-described Board was supplanted in 1908 by a Commission consisting of the Mayor (chairman), and two Commissioners, the latter two appointed by the Council. Our citizens deemed it their privilege to say as to whom should administer civic affairs and the Council adopted the policy of holding a plebiscite, the two names submitted for the office of Commissioner and receiving the highest number of votes to be appointed by the Council. This method in 1913 gave way to straight election of Commissioners.

The electors in December, 1918, declared by a large majority to retain the present form of Municipal Government, and in December 1921, to be in favor of reducing the commissioners to two, one of whom is the Mayor. This change became effective on January 1st, 1922.

ASSESSMENT, TAXES, BOARD OF REVISION

1924

General and Business Tax Assessment Rolls are compiled in the fall of each year for use after confirmation by the Board of Revision for taxation purposes, etc., during the following year. The Assessment Roll is completed and notices mailed on October 31st preceding the year in which such roll is to be used. Business Tax, December 31st.

The Board of Revision consists of three members appointed by by-law of the City Council and sits each year to hear appeals against assessment or non-assessment and to revise and confirm both assessment rolls. Appeals against assessment or non-assessment must be in the hands of the City Assessor at least five days before the first meeting of the Board of Revision. The Board of Revision on real property assessment usually sits on or about December 12th, and on business assessments on January 7th. Assessment notices giving particulars of the assessment for the succeeding

year and covering the whole city are mailed on October 31st. Every property owned and those liable for business tax should secure this notice of assessment, and if dissatisfied with the valuation placed thereon should appeal at once in writing to the City assessor giving the assessment number and reasons for appeal.

In 1922 the City secured Charter Provision whereby the Council may by bylaw provide that the valuation for any year shall so stand for two years. Any person in each year shall have the right to appeal from the Assessor's valuation to the Court of Revision and to the Judge of the District Court in the manner provided for in the City Charter, but no person shall be entitled to succeed upon appeal in the second or succeeding year unless he can prove to the satisfaction of the Court of Revision or the Judge of the District Court that his property has deteriorated in value since the first or preceding year; provided that there shall be no restriction of appeal or the right to succeed upon appeal in the case of any person the valuation of whose property has been revised, altered, amended or increased, nor in the case of any property where there has been a change of ownership and the assessed owner whose name appears on the roll in the second or succeeding year had no right of appeal in the first or preceding year.

On purchasing property you should appear at the Assessor's office and present for his information the Agreement of sale or title. If a non-resident, write the Assessor.

TAX EXEMPTIONS

The Dominion and Provincial Government, Public and Separate School Boards, Incorporated Colleges, (on lands and buildings used for school purposes), Church buildings and Church lands (up to one-half acre); all are exempt from General taxes but are liable for Local Improvement taxes.

VOTERS' LIST

The fact that you have paid taxes does not qualify you for a vote. See that your name appears on the Voters' List to be seen in the City Clerk's office. This matter should be attended to prior to the 1st of August in any year. An elector is entitled to vote once only at any election on the same question, and must vote at the booth noted on the Voters' List for such elector. Only qualified electors whose addresses are given as in Calgary, are entered on the Voters' List. A qualified non-resident voter who is in the City on election day and wishes to vote must apply in person at the Assessors office for a certificate.

POLICE HEADQUARTERS

As a result of the rapid growth and development of Calgary, and the corresponding increased volume of civic business, it has been necessary to erect in close proximity to the City Hall a building of modern fire-proof construction, consisting of reinforced concrete framework and floors, and brick filling with stone trimmings, to be used as a Police Headquarters, and for other civic departments. This building was completed on August 31, 1914.

DOMINION GOVERNMENT ELEVATOR

Calgary, Alberta

Office—East Calgary.

Manager—J. Bennett.

The Canadian Government Elevator of Calgary is a reinforced concrete terminal elevator of 2,500,000 bushels capacity. This interior terminal elevator, together with similar elevator of 3,500,000 bushels capacity each, at Saskatoon and Moose Jaw, Sask., were constructed by the Board of Grain Commissioners for Canada to operate in conjunction with the Board's Lake Terminal Elevator at Port Arthur, Ont., and with the Board's Ocean Terminals at Vancouver, B. C. The pur-

pose of the Calgary elevator is to provide storage and cleaning facilities for grain grown in the Province of Alberta, and to act as a reservoir for shipments to the East via the Great Lakes, or more especially for shipments westward to Vancouver, where it may enter the trade routes of the Pacific, or of the Atlantic via the Panama Canal.

The Calgary elevator will be a great boon to the farmer during a period of congestion in transportation and, possessing as it does the most up-to-date facilities for treating damaged grain, will prevent grain going out of condition on account of excess moisture while in transit.

The Library is closed on Victoria Day, Dominion Day, Labor Day, Christmas Day, New Year's Day, Good Friday and Thanksgiving Day

Membership Privileges

Any citizen of Calgary is entitled to a free membership on signing application card, proving his address and furnishing the names of two friends.

History

It is about Seventeen years since a little group of Calgary citizens began to interest themselves in securing for Calgary a Public Library. Calgary was at that time a city of only about 15,000, and it took time for the scheme to mature. However in 1908, a Library Board was formed; in 1909 the building was begun, and on January 2nd, 1912, it was opened to the public.

The building and equipment has cost \$100,000.00. Of this sum \$80,000.00 was provided by Mr. Andrew Carnegie and \$20,000.00 by the City Council.

It is noteworthy that this Library was the first public library in Alberta and the second between Winnipeg and the Rockies.

Constitution

The Calgary Public Library is administered by a Library Board of seven members, the Mayor being an ex-officio member, and the remaining six being appointed by the City Council for two years.

The Library is organized under the Provincial Libraries' Act, which empowers the City to levy a library rate not exceeding one mill on the dollar on all assessable property.

The Board at present consists of the following:

J. McCaffary, (Chairman), Geo. H. Webster, Mayor, Dr. A. M. Scott, Dr. T. H. Crawford, Major Duncan Stuart, Mrs. E. P. Newhall, Mrs. Marion Carson.

Crescent Heights Branch

The library has one branch at 1806 First Street N. W.

CALGARY MUNICIPAL STREET RAILWAY

(Operated by the City Commissioners) Offices and Car Sheds—2nd St. E. bet Victoria Park and Elbow River. Superintendent—R. A. Brown

The City of Calgary on July 5th, 1909, with 35,000 population, successfully inaugurated a municipally-owned and operated modern street railway system.

A \$250,000.00 by-law was passed in 1907 and one for \$226,000.00 in 1909, providing for the building, etc. of the street railway system.

With twelve modern pay-as-you-enter cars the first six months' operations returned operation and interest charge and \$10,000.00 surplus for contingent account.

Construction was begun in September, 1908, and one-half mile of track was laid that fall. On May 1st 1909, work was recommenced. The power generator arrived July 1st, and the first two cars on July 2nd. The Rail-

way officially opened at 8 a.m., July 5th 1909, with two cars covering the half-mile between City and Fair Grounds.

During Fair Week 35,460 passengers were carried.

Work was carried on by five paving contractors, one track construction company (on unpaved sections only), the City doing all special and overhead work and intersections.

One-man cars were introduced on all city lines in 1917, and are proving satisfactory. Safety of operation is secured, together with a substantial decrease in the cost of operation.

All the line feeders within the business area have been placed underground.

At present power is supplied by four substations with two 500 k. w. direct driven steam units as an auxiliary, and one 300 k.w., and three 1,500 k. w. motor generators.

The Power Department of the City charges the Street Railway for power as follows: 1c per k.w. hour for first 400,000; all over 400,000, ¾c per k.w. hour; \$2,300.12 per month overhead charges.

Fares

Five classes of tickets are used:—"School," good to and from school for students up to 17 years of age and any time for children, 8 for 25 cents; "Ordinary", 18 for \$1.00; 4 for 25c; 2 for 15c; and pads of civic employees' tickets, 18 for \$1.00, the latter are charged to the departments in which they are used.

CEMETERIES

Roman Catholic Cemetery—South of Elbow River over Mission Bridge
Union Cemetery—2nd St. E. nr. 26th Ave. (south of Elbow River over Victoria Bridge)
Jewish Cemetery—e. s. 30th Ave E (Eriton. Near Union Cemetery)
Chinese Cemetery—Adjoining Union Cemetery south of Elbow River over Victoria Bridge.

MUNICIPALITIES

Municipal District of Beddington No. 250—Secretary-Treasurer, E. J. Riley, 200, 325 8th Ave W
Municipality District of Shepard No. 220—Secretary-Treasurer, W. Hinde, 502 Beveridge Bldg
Municipal District of Springbank No. 221—Secretary Treasurer, R. H. Woodell, 318, 237 8th Ave. E.

MOUNT ROYAL COLLEGE
 7th Ave. and 11th St. W.
 Mount Royal College is designed by
 its promoters to give first-class col-
 lege education to young people of
 both sexes, under the best influences,

and at a moderate cost. A strong and
 representative Board of Governors
 has been appointed. Their aim and
 purpose is to provide in Calgary one
 of the best residential and up-to-date
 colleges to be found anywhere on the
 continent.

CHILDREN'S AID AND JUVENILE COURT

Office: Third floor of Police Headquarters Building
Superintendent—J. T. Robinson

The Children's Aid is a civic department. Part of its operations are in conjunction with the Juvenile Court. Its main activities are to look after the needy, delinquent and homeless children of the community.

The Children's Home is now located at 312 Mount Pleasant Boulevard, Matron Mrs. M. Speerstra.

The Juvenile Court is held in the office of the Superintendent, and the judges for 1925 are: F. D. Beveridge, Mrs. Alice J. Jamieson, Rev. A. D. Richards, J. T. McDonald, Mrs. M. A. Harvey. Particulars re licenses to children to engage in certain trades and prohibition of their attendance at pool rooms, etc., are obtainable from the superintendent or officials at the office.

Office staff

Supt. and Agent—J. T. Robinson
Probation Officer—J. R. Royce, J. P.
Probation Officer—Mrs. Mary Matheson

CALGARY NATURAL HISTORY SOCIETY

Museum: Basement Court House 7th Ave. W.

The membership of the Society is \$1 per year, and entitles the holder not only to the privileges of the society, but to a course of free lectures by men eminent in their special fields of knowledge.

The principal part of available funds from membership and other sources will be spent in obtaining further specimens for the museum, which even now in its initial stage is well worth a visit.

Its collection embraces a very fine collection of Indian relics, mounted animals, birds and insects native to the province, as well as fossil remains.

Method of Numbering Streets, Avenues and Houses

Calgary's streets are numbered from Centre Street, east and west and from Centre Avenue, north and south. Example: The first street west of Centre Street and south of Centre Avenue would be First Street S.W., oftentimes called First Street West. The first street east of Centre Street and north of Centre Avenue would be First Street N.E., and so on.

The Avenues are numbered from Centre Avenue and Centre Street. Example: The first avenue south of Centre Avenue and west of Centre Street would be First Avenue S.W., and so on; and the first avenue north of Centre Avenue and west of Centre Street would be First Avenue N.W., and so one.

Half streets or intersecting streets are designated "A" or "One-half."

Houses are numbered under the following system. Each lot has a number. The even numbers are on the north side of the avenue and the odd numbers are on the south side of the avenue. On the streets the even numbers are on the east side and the odd numbers are on the west side. Each block numbers

from 100 as follows: 116 8th Avenue West would be on 8th Avenue, between Centre and First Street West, 217 8th Avenue West would be on 8th Avenue, between First and Second Street West. On the streets the numbers run as follows: 211 Centre Street South would be on the west side of Centre Street, between Second and Third Avenues, and 712 Centre Street South would be between Seventh and Eighth Avenues, and so on. Each block starts numbering from the hundred following the block preceding it.

NOTE—The arrangement in the following Street and Avenue Directory is in numerical order, following Centre Avenue and Centre Street, which appear first with Avenues preceding Streets. The arrangement by directions is East, West, North East, North West, South East, and South West. Streets (and Avenues not numerically named appear last in alphabetical order.

Where the odd and even numbers on an Avenue or Street are separated, the south side (odd numbers) on Avenues will appear first and the west side (odd numbers) will appear first on Streets.
